Thanks Jessica and hello Sharon!

We are reaching out because it looks like DOE is realizing it may need to reckon more broadly with PFAS. Wondering how Brookhaven is going. As I said to Jessica – email or telecon is your choice.

Thanks!

Cal

Hi Cal,
I am no longer the RPM for BNL. I have copied Sharon Hartzell, who took over BNL on this email.
Hope all is well and everyone is staying safe.
Thanks
Jessica

Subject: PFAS at Brookhaven

Hi Jessica – Can you give us a quick update regarding PFAS at Brookhaven? In particular we are wondering if DOE has been timely and responsive in their search for PFAS drinking water contamination. Any challenges? Email is fine, but happy to chat if you prefer.

Thanks!

Cal
